Detailed guidelines are provided to Centre Sports Leads before registrations commence.

5. Priority to Local Requirements

- Local requirements take priority over National Team planning. If the event clashes with another local event, the Local Sports Lead should consult the relevant Karyakar, such as the Coordinator or Satsang Admin, and adjust the plan accordingly.

6. Budget & Sponsorship

- The National Team determines the budget for each competition. National or Local Sports Leads may identify sponsors for national or local events.
- Sponsor logos should not be displayed on T-shirts but may be displayed at the ground/venue.

7. Photography & Videography

- The Local Sports Lead organises photography and videography with the local AV Team and submits the photos and videos to the National Team after the tournament.
