1. Purpose & Scope

This document sets out the end-to-end process for securing and managing event sponsorship (advertisement) for the Kids Diwali Celebration (KDC), together with the policies that apply to sponsors. It is intended for the Local Sponsorship Lead, Local Accounts Admin / Lead, Event Lead / Assistant Mandir Coordinator, and the National Accounts Team, as well as for prospective sponsors who wish to understand the terms of sponsorship.

Sponsorship is offered in exchange for advertisement opportunities. Each local Mandir or Centre manages its own sponsorship in line with this process, under the direction of the Mandir / Centre Coordinator and the National Team.

2. Step-by-Step Sponsorship Process

The Local Sponsorship Lead follows the steps below for every sponsor.

1. **Step 1 - Confirm sponsor eligibility**

Before accepting any sponsor, confirm that the sponsor's business aligns with the cultural, spiritual, and ethical values of BAPS Swaminarayan Sanstha. Sponsors whose business does not align must not be accepted.

2. **Step 2 - Review advertisement content**

Review the proposed advertisement to ensure it does not include political, non-Hindu religious, offensive, or otherwise inappropriate content. Any material that breaches this policy must be declined or amended before acceptance.

3. **Step 3 - Collect sponsor registration details**

Create a sponsor registration link to collect the sponsor's business information, including company / business name, ABN, address, and contact details.

4. **Step 4 - Finalise the sponsorship package**

Discuss and finalise the advertisement package and price with the Mandir / Centre Coordinator. The sponsorship tiers in Section 3 are a guide only; final packages are set at the discretion of the Coordinator.

5. **Step 5 - Raise the tax invoice**

Pass the sponsor's details to the Local Accounts Admin / Lead, who issues a tax invoice for the agreed sponsorship. Sponsorship is only recognised once the invoice has been paid prior to the event.

6. **Step 6 - Maintain the sponsor record**

Record and keep up to date all sponsor details in the spreadsheet shared by the National Team. Coordinate with the Local Accounts Admin / Lead on any unpaid invoices.

7. **Step 7 - Plan event-day arrangements**

Arrange all sponsor requirements for the event day, including meet-and-greet, sponsor passes for rides and food stalls, parking, and the distribution / redemption of complimentary ride tickets and food vouchers. Coordinate with the Event Lead / Assistant Mandir Coordinator for any arrangement the sponsors require.

8. **Step 8 - Collect materials after the event**

At the close of the event, ensure that all advertisement and marketing materials belonging to the sponsor (for example, pull-up banners) are collected by the sponsor.

9. **Step 9 - Attend review meetings**

Attend the regular meetings arranged by the National Accounts Team (from three months before the event) and the post-event feedback meeting two weeks after the event.

3. Sponsorship Tiers & Costs

Based on sponsorship responses received by various centres, the following tiers and costs (including GST) are proposed for selection. Costs vary by Mandir type (A, B, or C).
