Compliance, Event and Asset Procurement Lead - Roles & Responsibilities

Volunteer: Jaykrishanbhai Patel (JKbhai)

Department: National Kitchen Team

1. Utensil and Equipment Orders & Payments

This section outlines the standardised procurement framework that all centres must follow to ensure consistent quality, financial accountability, and efficient purchasing cycles across all locations.

- **Advance Ordering:** All Mandirs/Centres must submit utensil orders at least 6 months in advance to support consolidated procurement and timely delivery.
- **Standardised Lists:** The National Kitchen Team will prepare and circulate a recommended utensils and equipment list, including photographs, material specifications, and size charts, to guide uniform purchasing decisions.
- **Parasabha Utensil Kit:** Develop and maintain a complete Parasabha kit containing essential items and small equipment (e.g., gas setups) for consistent event readiness.
- **Central Order Cycle:** Coordinate an annual procurement cycle for all centres to ensure streamlined purchasing, improved vendor management, and cost efficiency.
- **Freight & Logistics:** Oversee import freight processes and arrange local delivery to each Mandir/Centre.
- **Regional Centre Coordination:** Ensure regional centres collect their orders from the nearest major centre to optimise logistics and reduce costs.
- **Local Procurement List:** Maintain an updated list of locally available utensil and equipment items for urgent or short turnaround needs.
- **Delegation of Authority (DoA):**
  All large orders exceeding the following thresholds require **BoT approval**:
  - Type A: > $5,000
  - Type B: > $3,000
  - Type C: > $2,000
- **Supplier Payments:** Payments for bulk orders will be processed through the Central Accounts Team and subsequently charged back to each Mandir/Centre, including all associated freight and delivery costs. Payment will be charge back to mandir/centre in proportionate rate.
- **Centralised Purchase Requirements:** All large utensils must be procured exclusively through the National Kitchen Team to maintain quality and consistency.

- Mandirs/Centres must not accept large utensils or equipment as physical Seva donations. Donors wishing to contribute should do so monetarily to support standardised procurement and simplified inventory management.

2. Inventory Management of Utensils

Centralised inventory control ensures that essential utensils remain available, traceable, and efficiently allocated.

- Maintain central stock of utensil kits for immediate deployment when required.
- Prepare an annual stocktake report for all major vessels and kits held at the Central Store.
- Coordinate logistics for redistribution or delivery to centres as operational needs arise.

3. Grocery Stock Management (Donation in Kind)

Effective management of donated groceries ensures optimal utilisation and minimises waste across all centres.

- Prepare **quarterly grocery stock reports** for all centres.
- Document and report any **damaged or expired items**.
- Prepare a quarterly list of **excess or donation-ready items** for redistribution to centres with greater need.
- Logistic cost of grocery transfer will be charged back to the centre.

4. Disposable & Cleaning Supplies

Standardising disposable items and cleaning supplies promotes uniform presentation, hygiene, and operational consistency across all Mandirs/Centres.

- Develop and share a recommended list of **disposable and cleaning items**, including photos and size charts.
- Include standardised options for **sweet boxes and prasad boxes with sleeve** to ensure consistency in packaging and branding.

5. National Events Coordination

This section provides a structured approach to national event planning and supports hosting centres in managing resources effectively.

- Prepare and share an **annual national events calendar**, outlining key event details to support comprehensive planning and execution.
- Coordinate event menus with the local or appointed team and obtain **final approval from Pujya Swami**.
- Collaborate closely with the hosting centre to support volunteer planning, resource allocation, ingredient requirements, and logistics.

6. OH&S (Food Safety & Compliance)

A strong emphasis on food safety and regulatory compliance safeguards all participants and ensures organisational adherence to legal obligations.

- Develop a **national Food Safety Program Handbook** applicable across all Australian states and territories, covering insurance and compliance requirements.
- Break compliance activities into **weekly, fortnightly, monthly, quarterly, and yearly** tasks for local teams to complete and sign off.
- Appoint an OH&S Lead for each kitchen team separately to support local centre OH&S lead.
- Ensure each centre maintains complete and current OH&S record books.
- Require centres to submit a **quarterly OH&S checklist** to the National Kitchen Team.

7. Commercial Kitchen Licensing

Maintaining valid commercial kitchen licences and updated compliance records is essential for legal operations and food safety standards.

- All **Type A kitchens** must hold a valid commercial kitchen licence.
- Maintain updated compliance documentation, including council inspection reports.
- Obtain names of Qualified Chef and Food Safety Supervisor from each Centre.
- Keep a current list of **Qualified Food Safety Supervisors** and **Qualified Chefs** actively operating at each centre.
- Kitchen Lead / admin to undertake food safety supervisor and qualified chef course by end of 2026.
- Provide support to centres in renewing licences, resolving compliance issues, and maintaining operational readiness.

8. New Kitchen Setup

Guidance for new kitchen development ensures that all facilities meet operational, safety, and compliance standards from inception.

- Coordinate with National Project Admin to obtain the plans and drawings.
- Mandirs/Centres must submit clear requirements, including expected user volume and equipment needs.
- Provide architectural and functional design guidance, including floor plans and service layouts.
- Assist centres in procuring suitable equipment that meets operational and regulatory standards.
- Maintain a repository of kitchen design plans for all Type A Mandirs.

9. Outdoor Events Guidelines

Standard operating guidelines for outdoor events ensure safe, compliant, and seamless execution of temporary or high-volume food operations.

- Develop detailed SOPs for outdoor kitchen events where Prasad is served or Shayona Store is offered such as Kids Diwali, Rathyatra, Sneh Milan, Sports Events, Janmashtami, and Kite Festival.
- Ensure all event venues hold appropriate Commercial Kitchen Approval.
- Prepare and share a step-by-step checklist template for event preparation and execution with kitchen leads.
- Provide direct operational support to the local or designated event team as required.

10. Asset Register

Accurate asset tracking ensures accountability, transparency, and optimal life-cycle management of key equipment.

- Prepare and share a list of top 15 items that are over $5000 in value must be recorded in the asset register across all centres in the first 6 months, next 15 value over $3000 or more items in the following 6 months and rest all items worth $1000 over more within 15 months of implementation.
- Follow up with centres to ensure timely submission of accurate asset records into the register system.
- Grant **Asset Tiger** access to all Kitchen Leads.
- Monitor compliance and assist centres in maintaining accurate, up-to-date records.
