Satsang Central Office Seva Guidelines

ANZ Satsang Development Committee (SDC) – Central Office

Draft v1.0 – for review

1. Objective

1.1. The objective of this document is to explain the role of the Satsang Development Committee (SDC) Central Office and the seva expectations of karyakars appointed to it:

1.1.1. to centralise planning, communication and record-keeping for Satsang Pravrutti across the ANZ region (Australia, New Zealand and Fiji)

1.1.2. to provide one consistent source of truth for Mandir / Centre lists, seva structures, appointed karyakars and their defined roles

1.1.3. to release official Memorandums, syllabus and year planner information through approved channels so that every mandal receives the same message at the same time

1.1.4. to collect, validate and report Satsang Pravrutti data to P. Kothari Sant, SDC Admin and the Board of Trustees for planning and decision making

1.1.5. to clarify any doubts or misconceptions during seva and streamline processes

1.1.6. to build, maintain and increase Samp-Suhradbhav-Ekta

1.1.7. to earn Satpurush's rajipo

2. Role of the Central Office

2.1. Central Office is the national coordination and records function of ANZ SDC. It does not manage local mandals directly; it enables them by providing consistent information, tools and records.

2.2. Central Office is responsible for four core functions:

2.2.1. **Communication** – issuing Memorandums that convey centralised messages and decisions to all Mandirs, Centres and Para Sabhas across the ANZ region.

2.2.2. **Records** – maintaining the Mandir and Centre list, each centre's structure level, and the master copy of appointed karyakar contact details against their defined role in the structure.

2.2.3. **Roles & Responsibilities** – defining Seva Guidelines for each structure role and distributing them to individual karyakars so that seva is performed consistently across the region.

2.2.4. **Reporting & Systems** – operating the Satsang Portal, Jotform reporting, Dropbox document library and the reporting dashboards used for year review.

2.3. Central Office works under the guidance of P. Kothari Sant and the SDC Admin. Decisions of national scope are approved by them before release; Central Office prepares, publishes and records them.

2.4. Central Office does not create local seva policy, appoint karyakars, or authorise local expenditure. These remain with the Local Coordinator (CO/ACO), SDC Admin and P. Santo as applicable.

3. Vimarsh & Communication

3.1. Conduct regular planning meetings with the SDC Central Office team and attend SDC national meetings.

3.2. Collect meeting agendas from team members at least 2 days prior to the meeting.

3.3. Record minutes and action items, and circulate them to all attendees (present and absent) as soon as possible after the meeting.

3.4. Cover updates on previous action items first, then new agenda items, then any other business if time permits.

3.5. Communicate action items to the relevant team members, Admins or Coordinators, and follow them up to completion by the agreed deadline.

3.6. Provide constructive feedback, suggestions and innovative ideas during planning meetings.

3.7. Support local Admins and karyakars in meetings where Central Office systems, reporting or portal matters are raised.

3.8. Keep P. Kothari Sant and SDC Admin informed of any matter that has regional impact before it is communicated outward.

4. Memorandum & Official Releases

4.1. Central Office is the only channel for issuing Memorandums on behalf of ANZ SDC. Memos convey centralised activities, decisions and instructions to all mandals.

4.2. Every Memo must be approved by P. Kothari Sant and/or SDC Admin before release.

4.3. Memos are to be released through the Satsang Portal and the approved distribution lists so that all Mandirs, Centres and Para Sabhas receive the same message at the same time.

4.4. Maintain a numbered and dated archive of all released Memos in the Central Office Dropbox so that any past instruction can be retrieved on request.

4.5. Where a Memo requires an action or response from mandals, state the deadline clearly and track responses centrally.

4.6. Flyers, forms and supporting material referenced in a Memo are to be published together with it, not separately.

5. Mandir, Centre & Mandal Register

5.1. Maintain the master list of Hari Mandirs, Centres and Para Sabhas across the ANZ region, including the mandal each belongs to and its type and scale.

5.2. Record each centre's position in the seva structure (Seva Structure Type and Mahila Structure Type) and keep it aligned with the structure released for that year.

5.3. Review the register at least annually, and update it whenever a centre is opened, upgraded, merged or closed following approval from P. Kothari Sant.

5.4. Where a centre's structure type or assignment is unclear, flag it as unconfirmed and seek clarification – do not assume or backfill a value.

5.5. Provide census and population information (Gujarati and Indian ancestry by city) to P. Kothari Sant to support planning of new centres and Para Sabhas.

6. Seva Structure & Karyakar Records

6.1. Distribute the approved Seva Structure to each Mandir / Centre and collect back the karyakar seva allocation for every position in that structure.

6.2. Maintain the master copy of appointed karyakar contact details against their defined role, and keep it current as changes are advised.

6.3. Process Seva Change forms received from Coordinators and Admins, confirm approval has been obtained, and update the structure records accordingly.

6.4. Issue the relevant Seva Guidelines document to each newly appointed karyakar so they understand their role from the start of their seva.

6.5. Maintain and version-control the Roles & Responsibilities library for all structure roles, and re-issue when a role definition is revised.

6.6. Coordinate creation of official email accounts and portal access for appointed karyakars with the National IT team, after approval from P. Kothari Sant.

6.7. Remove or reassign portal access promptly when a karyakar's seva changes.

7. Satsang Portal & Syllabus

7.1. Request all syllabus material through Dropbox file request. Uploaded syllabus should be available on or before the 7th of each month, and released through the Satsang Portal.

7.2. Upload Shatabdi Sabha videos and release the Shatabdi Sabha during month end.

7.3. Collect Ghar Sabha material on Dropbox and release it during the last week of the month.

7.4. Plan and release Year Planner, Sant Vicharan and Shibir programs through the portal as and when required.

7.5. Create centres, users and permissions in the portal so that syllabus and communication reach new and existing centres.

7.6. Coordinate with the National IT team, on P. Kothari Sant's direction, for any portal enhancement including hosting guidelines, roles and structures on the portal homepage.

7.7. Monitor the SDC Contact Form, route each request to the correct team (Syllabus, Reports, Ghar Sabha, Projects, MIS) and close it in a timely manner.

8. Reporting & Data

8.1. Operate the national reporting cycle: Ravisabha, Vimarsh, Utsav Sabha and Project reports are collected from centres through Sanstha-provided Jotform.

8.2. Track submission timeliness by mandal and follow up with the respective Admin where reports are late or missing. SDC Admin acts as the escalation point.

8.3. Consolidate reports into quarterly and yearly summaries and prepare the year review presentation for P. Kothari Sant and the Board of Trustees.

8.4. Maintain reporting dashboards covering sabha attendance, reporting rates, activity planning and syllabus coverage.

8.5. **Data integrity:** where data is missing, ambiguous or unverified, it must be reported as a flagged gap. Figures are never estimated, inferred or filled in to complete a report.

8.6. Every published figure should be traceable to its source file and reporting period.

9. Year Planner & National Activities

9.1. Coordinate the ANZ Year Planner covering Satsang, BKYS, Mahila, Outreach and other national activities, and release it in advance so that mandals can finalise local dates each quarter.

9.2. Maintain the syllabus and sabha topic plan across streams and years so that continuity is preserved from one year to the next.

9.3. Support national events, Shibirs and Utsavs with registration, reporting and communication requirements.

9.4. Ensure any online registration for a Satsang related event is only done through Sanstha-provided Jotform.

10. Technical Support & Records Management

10.1. Create and maintain Jotforms for Sabha, Project and ad-hoc reporting requirements.

10.2. Extract data from Jotform and provide the necessary information back to the respective centre when needed.

10.3. Store reports, project details, syllabus, AVD, planners, structures and Roles & Responsibilities in the Central Office Dropbox, and manage folder structure and access permissions.

10.4. Coordinate with the National IT team for major technical issues or the creation of any new IT asset.

10.5. Review access permissions periodically and grant only the minimum access required for a karyakar's seva.

11. Team Development

11.1. Central Office Lead should manage the team, assist team members when needed and resolve any issues encountered during seva.

11.2. Provide guidance, inspiration, motivation and support rather than managing every task directly.

11.3. Recognise achievements and exceptional seva in front of P. Santo and the head of SDC during planning meetings.

11.4. Create a positive team working environment so that samp amongst team members is sustained as per Bapa's ruchi.

11.5. Ensure knowledge is documented and handed over, so that no Central Office function depends on a single individual.

12. Financial Expenses Process

12.1. Any expense incurred to support Central Office seva – for example software licences, data storage, subscriptions, web platform or printing – must be pre-approved by P. Santo and SDC Admin.

12.2. Discuss budget matters with SDC Admin during planning meetings and provide budget estimates in advance where possible.

12.3. Submit the yearly Central Office budget through SDC Admin as per the Accounting Process.

13. Confidentiality & Compliance

13.1. Karyakar contact details, structure records and reporting data are confidential. They are used only for Satsang Pravrutti purposes and shared only with those who need them for their seva.

13.2. Personal information is not to be forwarded outside the approved systems (Portal, Dropbox, Jotform, Sanstha email) or stored on personal devices or accounts.

13.3. Ensure Consent Forms are in place for events where required, as advised by the respective Department Leads.

13.4. Follow national guidance on the use of Sanstha-provided platforms for all registrations and reporting.

14. Other Notes

14.1. It is the Central Office Lead's responsibility to keep team members in the loop on any Central Office agenda discussed in SDC planning meetings.

14.2. It is the respective team member's responsibility to keep the Central Office Lead and SDC Admin informed of progress and issues.

14.3. Guidelines and information provided in this document are not extensive. Additional guidelines and/or information will be provided through various formal and informal channels (written, through meetings, in person, over the phone or virtually) as and when deemed necessary under P. Santo and SDC Admin's guidance.
