National Kitchen Reporting and Administration Lead - Roles & Responsibilities

Volunteer: Bharat Shiyaniya

Department: National Kitchen Team

1. Budget & Payment Reporting

Clear financial oversight and transparent reporting ensure responsible use of resources across all centres. This section supports accurate budgeting, proactive cost management, and informed financial decision-making.

- Prepare centre-wise monthly Budget vs Actual Kitchen expense reports.
- Communicate with centres regarding budget variances or areas of concern.
- Monitor annual budget adherence to ensure financial discipline.
- Obtain visitation count data from SDC to support budget validation and forecasting.
- Report cost per plate for each centre.

2. Structure Review

A well-defined seva structure enables smooth operations, accountability, and alignment with organisational expectations. This section ensures centres follow a consistent model that incorporates Swami’s guidance and supports effective volunteer engagement.

- Develop a standardised kitchen seva structure for each centre type.
- Collect and review current structures from all centres to identify gaps and best practices.
- Review structures with Pujya Paramchintan Swami and incorporate recommendations.
- Provide structural updates to Local Kitchen Leads for implementation.
- Encourage Kitchen Lead to train new volunteers and sub-department leads to ensure capability and continuity.

3. Ordering Process

A streamlined ordering system ensures timely, accurate, and cost-effective procurement of bulk orders, imports and local deliveries efficiently for all centres.

- Finalise bulk order item lists and approved sourcing channels.

- Create and maintain a standardised national order form.
- Liaise with suppliers to coordinate order placement and timely delivery.
- Provide ETA updates for import orders and manage communication with customs agents.
- Coordinate local delivery logistics and oversee national warehouse operations.
- Approve supplier invoices before payment processing.
- Manage both local supply distribution and import-based inventories.

4. BoT & AAC Reporting

Regular reporting of operational performance, financial status and food safety compliance to governance bodies ensures transparency, accountability, and informed decision-making.

- Provide consolidated Budget vs Actual reporting across all centres.
- Report on compliance with food safety and operational standards.
- Highlight concerns, risks, or incidents requiring oversight or action.
- Present updates on new initiatives, improvements, and progress.

5. Donation in Kind

Efficient management of donated items ensures fairness, proper utilisation, and support for centres based on actual need. This section outlines processes for handling, reporting, and redistributing donation-in-kind resources.

- Establish and maintain the national Donation in Kind process.
- Conduct regular vimarsh sessions with the Donation in Kind Lead.
- Provide operational support throughout collection, sorting, and distribution efforts.
- Prepare national donation reports for visibility and accountability.
- Manage redistribution of excess items to centres based on need and usage patterns.

6. Vimarsh

- Schedule Monthly vimarsh with National Kitchen Team
- Coordinate Bi-Monthly vimarsh with National Local Kitchen Leads
- Record meeting minutes of all meetings.
